Phase-1 Practice Project: Assisted Practice2

6.Write a program in Java to demonstrate exception handling

-->Source code:

```java
package main;

public class Exceptionhandling {

    public static void main(String args[]) {
        try
        {
            System.out.printf("1");
            int sum = 9 / 0;
            System.out.printf("2");
        }
        catch(ArithmeticException e)
        {
            System.out.printf("3");
    }
        catch(Exception e)
        {
            System.out.printf("4");
        }
        finally
        {
            System.out.printf("5");
        }
    }
```

}
