Phase-4 Practice Project

Team Budget Planner

Writeup

- As a developer, you are assigned to a project. You need to develop a website where program managers of a specific team will add details of professional deals they want to have with vendors.
- The finance team will check expenses of those teams and will decide their annual budget.
- Visual Studio Code: An IDE to code for the application
- JavaScript: A programming language
- Git: To connect and push files from the local system to GitHub
- GitHub: To store the application code and track its versions
- JavaScript concepts: Functions, prototypes, primitives, objects, IIFEs, promises, async, and webpack
- Versions of the code should be tracked on GitHub repositories
- Team Budget Planner should work properly
